03 · NEWS · 20 OCTOBER 2026

Stella and fundcraft partner.

Two areas of expertise.

Stella designs the offers and owns the relationship with distributors; fundcraft handles regulated management, administration and reporting.

A repeatable model.

Several managers, strategies and jurisdictions on one infrastructure, across France and Luxembourg.

A first fund in January 2027.

Further strategies are under consideration for 2027.

Access through Luxembourg life insurance, notably with Vitis Life, Wealins and Utmost. Full press release on stellaplatform.com.

“fundcraft gives us a strong regulated and operational backbone across France and Luxembourg, together with the cross-border capabilities to support managers as they expand more broadly across Europe. Combined with the network we are building at Stella, this offers a much stronger proposition for the managers we work with.”
